IE9 Patterns

Moving the Web Forward

Steps to progress

Standards and Community Feedback

Standards

HTML5

Inline SVG, Parsing Rules, XHTML, Selection APIs

SVG 1.1

As document, as image or object, inline in HTML5

CSS 3

Selectors, Namespaces, Colors, Values, Backgrounds and Borders, Fonts

DOM

Core, Events, Style, and Range

ECMAScript 262

Faster JavaScript

Graphics and Fonts

JPEG-XR, TIFF, ICC Colors

Community

Preview Builds

Updated approximately every 8 weeks

Forums and Community

New, more open feedback program

Standards

W3C participation

Open Testing

Cooperative W3C test suites

IE9 Patterns

Hardware-Accelerated. Site-Ready HTML5. Same Markup.

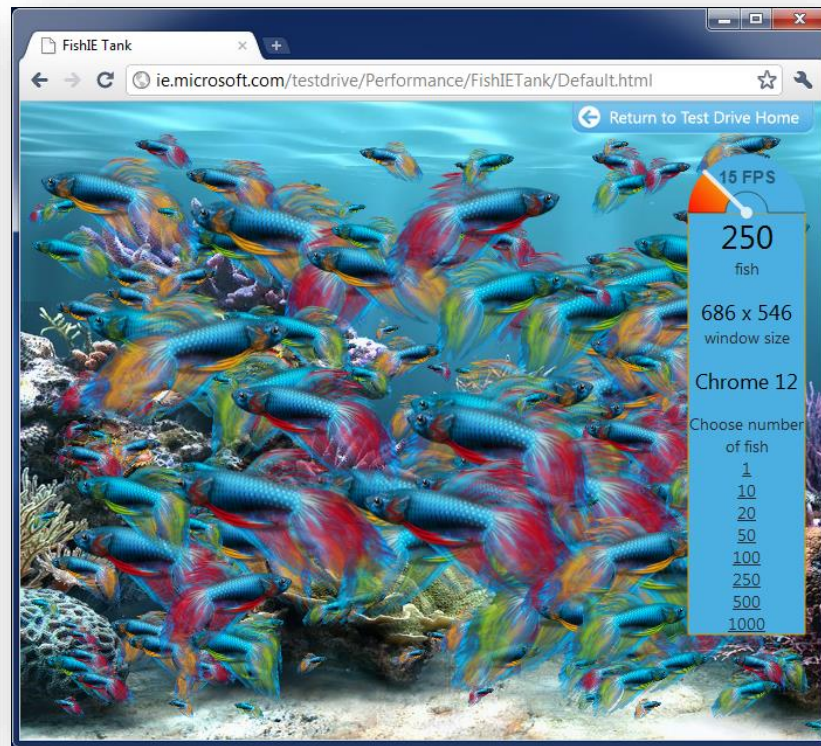

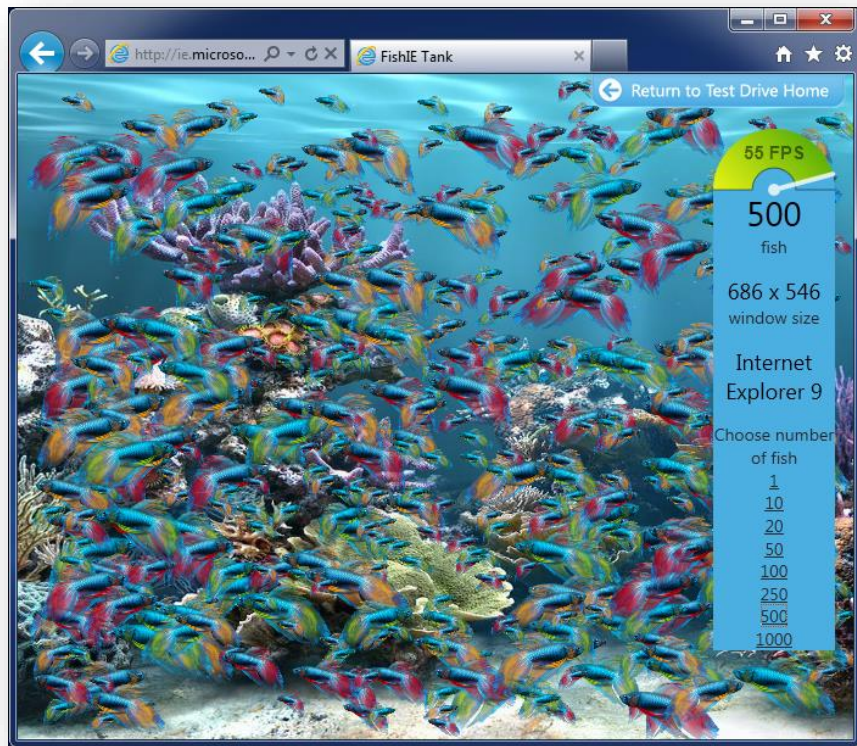

Standards

HTML5	Inline SVG, Parsing Rules, XHTML, Selection APIs, Canvas, Audio & Video, Semantic tags, Geolocation
SVG 1.1	As document, as image or object, inline in HTML5
CSS 3	Selectors, Namespaces, Colors, Values, Backgrounds and Borders, Fonts, Media Queries, 2D Transforms
DOM	Core, Events, Style, and Range, WebIDL
ECMAScript 262	Faster JavaScript
Graphics and Fonts	JPEG-XR, TIFF, ICC Colors, WOFF Fonts
Web Performance	Navigation Timing
Privacy	Tracking Protection

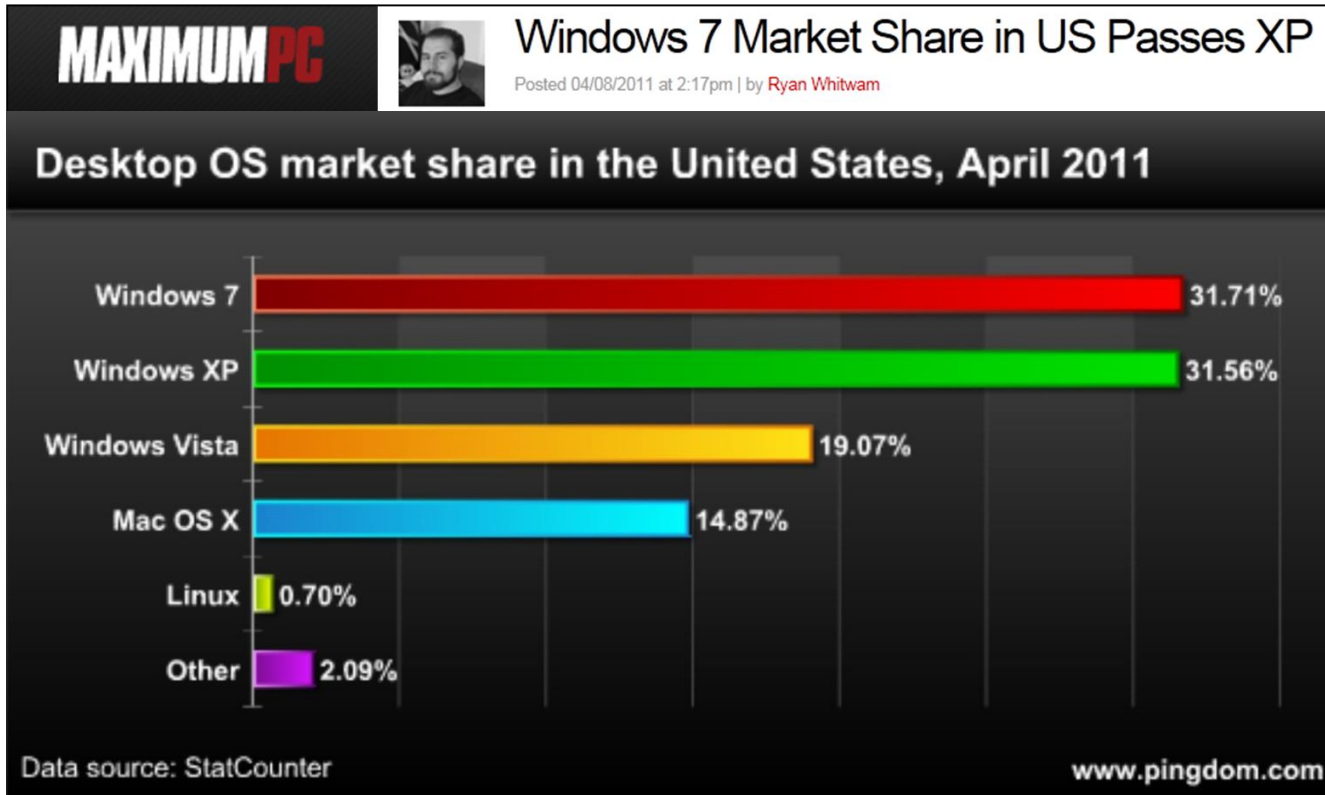

Community

Preview Builds	Updated approximately every 8 weeks
Forums and Community	New, more open feedback program; HTML5 Labs
Standards	W3C participation
Open Testing	Cooperative W3C test suites

Native and Cross-Platform

Native and Cross-Platform

http://www.maximumpc.com/article/news/windows_7_market_share_us_passes_xp

Same Markup and Emerging W3C Standards

Site-Ready

- Web Open Font Format (WOFF)
- Navigation Timing
- Tracking Protection

HTML5 Labs

- IndexedDB
 - WebSockets
 - FileAPI
 - Media Capture APIs
- 

video

WebSockets

HTML5 Labs

- Prototypes of experimental or unstable specifications
- Prove out site-readiness of specifications before baking them into a release

Progress, Substance, and Cadence

$$\left(\frac{\text{progress}}{\text{time}}\right) = \left(\frac{\text{progress}}{\text{release time}}\right) \left(\frac{\text{release}}{\text{time}}\right)$$

Looking Forward

An Early Look at
Internet Explorer 10

demo

Demo Recap: IE10

- Performance: Fishbowl
 - CSS3 Multi-column Layout
 - CSS3 Grid Layout and CSS3 Flexible Box Layout
 - ECMAScript 5 Strict Mode
 - CSS3 Gradients
 - CSS3 Transitions and CSS3 3D Transforms
- 

What's Next?

Take Advantage of IE9 Today!

Emerging Standards at HTML5 Labs for your Experimentation

Take an Early Look at IE10

announcing

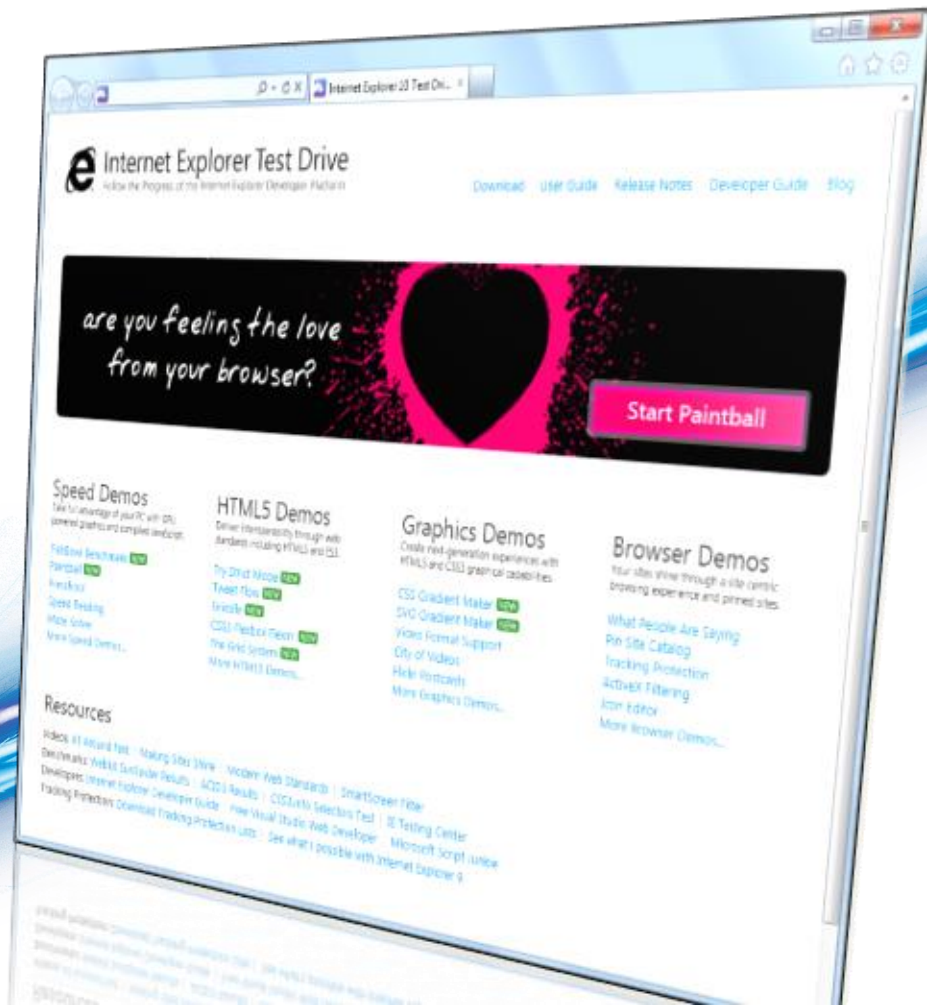

IE10 Platform Preview 1

CSS3 Gradients

CSS3 Grid, Flexbox, Multi-column

ECMAScript 5 Strict Mode
